This is for the lovers holding hands in the car  
This is for the lovers no matter where you are  
This is for you (is for you, is for you, is for you)  
This is for you (is for you, is for you)

This is for the lovers just getting on their feet  
This is for the lovers bout' twenty years deep  
This is for you (is for you, is for you, is for you)  
This is for you (is for you, is for you)

It's a beautiful thing, when it's shared between two  
The most beautiful thing about it.  
That is so much more than you.  
There ain't nothing in the world like (being with your  
lover)  
Nothing in the world like (seeing one another)  
Happy with the one you need the most

I know somebody's gonna make love to this song  
tonight  
(tonight. tonight)  
I know somebody's out of town and their calling home  
tonight  
Let me tell you what their saying right now  
Their saying..

It aint hard to tell when it's something real  
You can have the world all you want is them  
Even when you're in a crowd and you spot it from a  
mile  
(Even in a crowd)  
That's when you know love is worth it

When it's going wrong and you never give up  
When you're on the phone and you never hang up  
Even when you're feeling down, they can always make  
you  
smile (Even when you're down)  
That's when you know love is worth it.

This is for the lovers holding hands in the car  
(holding hands in the car)

This is for the lovers no matter where you are (no  
matter where you are)  
This is for you (is for you, is for you, is for you)  
This is for you (is for you, is for you)  
This is for baby..

Some people feel it, they let it show  
Some people miss it, they let it go  
Some people doubt it, Im go tell you now,  
They don't know a thing about it  
That's why they doubt it

Some people give it  
Some people take it  
Some people try to, but they can't fake it  
That's why when it's official you just can't walk away

And you can trust me when I say

I know somebody's gonna make love to this song  
tonight  
(tonight. tonight)  
I know somebody's out of town and their calling home
