Time can pass so slowly  
When you feel so all alone  
Love can strike like lightning  
When you find your heart a home

I've seen it in the movies  
Read about it in a book  
I'd never thought I'd feel it  
But your touch was all it took

Take good care of my heart  
Take good care of my heart  
Baby, you're the first to take it  
You're the only one who can break it

I love you more than I should  
But it keeps me feeling so good  
I've waited for your love for ever  
You're the one to take good care of my heart

Come and make you're magic  
'Til you have me hypnotized  
If we get any closer  
I'll be drowning in your eyes

You're the one I needed most  
When my love was on the line  
I'm so glad you gave me yours  
When I gave you mine

So take good care of my heart  
Take good care of my heart  
Baby, you're the first to take it  
You're the only one who can break it

I love you more than I should  
But it keeps me feeling so good  
I've waited for your love for ever  
You're the one to take good care of my heart

I love you more than I should  
But it keeps me feeling so good

I've waited for your love for ever  
You're the one to take good care of my heart

Take good care of my heart  
Take good care of my heart  
Baby, you're the first to take it  
And you're the only one who can break it

I love you more than I should  
But it keeps me feeling so good  
I've waited for your love for ever  
You're the one to take good care of my heart

Take good care of my heart  
Take good care of my heart  
Baby, you're the first to take it  
And you're the only one who can break it
