Stars and the open air, are you there?
There's something you never make quite clear
I've had my telescope out for years,
I know that there's something out there somewhere,

But where do I begin I'm sick of it
Do you understand just a little bit
Crazy how it works now, isn't it?
I'll be close at hand,

If we look at it this way it doesn't seem so bad anyway,
Two can play at this game that way we can be together
everyday,
And knowing me I'll bend the rules and break,
If we look at it this way.

Caught in a tidal wave, I'm still here,
The current has swept my love from you dear,
I'm diving into the sea to see you,
I'll take a breath of air when I'm there,

But where do I begin I'm sick of it
Do you understand just a little bit

Crazy how it works now, isn't it?
I'll be close at hand,

If we look at it this way it doesn't seem so bad anyway,
Two can play at this game that way we can be together
everyday,
And knowing me I'll bend the rules and break,
If we look at it this way.

ohhhhhh

Maybe it's predictable
But I know that in the end
We'll both end up so miserable
So lets just stop pretending

If we look at it this way it doesn't seem so bad anyway,
Two can play at this game that way we can be together

everyday
If we look at it this way it doesn't seem so bad anyway,
Two can play at this game that way we can be together
everyday,
And knowing me I'll bend the rules and break,
If we look at it this way,
I'll see you with me.
