People are sufferin'  
I say it again  
People are sufferin'  
I say it again  
People are sufferin'  
I say it again  
So remember when you're looking for trouble  
That trouble is already busy with weaker men

People are hungry  
I say it again  
People are hungry  
I say it again  
People are hungry  
I say it again  
So don't you abuse that body  
It'll snap without assistance my friends

Song goes on  
(I'll sing again until the music enervates)  
Song goes on  
(The sting of pain will dull and finally fade away)  
Song goes on  
(Through centuries of history it reverberates)  
Song goes on  
(On curving comets track the music makes it's way)  
This song is so long  
It ends up where it begins

People are lonely  
I say it again  
People are lonely  
I say it again  
People are lonely  
I say it again  
So don't let me run too far from home  
You be alone for sure, on that you can depend

People are bleedin'  
I'll say it again  
People are bleedin'  
I'll say it again

People are bleedin'  
I'll say it again  
So put away that switchblade knife  
Tighten up that'll help this bloodshed end

Song goes on  
The song goes on  
The song goes on  
The song goes on  
This song is so long  
It ends up where it begins

People are sufferin'  
(I say it again, again, again, again)  
People are hungry  
(I say it again, again, again, again)  
People are lonely  
(I say it again, again, again, again)  
(Again, again, again, again)  
(Gain, again, again, again, again)  
(Again, again, again, again)  
I'll say it again  
(Again, again, again, again)  
Say it again  
(Again, again, again, again)  
I'll say it again
