Grace, space, race

Everything they've seen you have seen
Everywhere they've been you have been
Everything they've done you have been and done
already

Every lovely spot near or far
You can reach them too in your car
Or you might be there now if you own a Jag already

The radio blasting, the girls are glancing
The dash is dancing with gleaming dials

Grace, space, race
Grace, space, race

Jaguar, Jaguar
Jaguar, Jaguar
