Run, run, run  
Run, run, run  
Run, run, run  
Run, run, run

Well baby, better take my advice  
A black cat crossed your path twice  
The moon came out next to the 1  
Then you opened your umbrella in a room

*[chorus:]*  
You better run, run, run  
Run, run, run  
Run, run, run  
Run, run, run

Well you ain't the luckiest girl I know  
And you won't get luckier the way you're going  
Your horseshoe's rusty and your mirror's cracked  
You walk under ladders then you walk right back  
*[chorus]*

When you dropped that little pin  
Never thought what a mess it'd get you in  
Little pin, little pin, bring me luck  
Because I stopped to pick you up

*[chorus]*

Well now, little girl, I'm helping you  
I hope you believe what I say is true  
Whenever you run, I'll be running too  
Whenever you run, I'll be following you

*[chorus]*

Run, run, run
