You declared you would be three inches taller  
You only became what we made you  
Thought you were chasing a destiny calling  
You only earned what we gave you

You fell and cried as our people were starving  
Now you know that we blame you  
You tried to walk on the trail we were carving  
Now you know that we framed you

I'm the guy in the sky, flying high, flashing eyes  
No surprise, I told lies  
I'm the punk in the gutter

I'm the new president and I grew and I bent  
Don't you know? Don't it show?  
I'm the punk with the stutter

My, my, my, my, my g-g-g-g-generation  
My, my, my, my, my g-g-g-g-generation

We tried to speak between lines of oration  
You could only repeat what we told you  
Your axe belongs to a dying nation  
They don't know that we own you

You're watching movies trying to find the feelers  
You only see what we show you  
We're the slaves of the phony leaders  
Breathe the air we have blown you

I'm the guy in the sky, flying high, flashing eyes  
No surprise, I told lies  
I'm the punk in the gutter

I'm the new president and I grew and I bent  
Don't you know? Don't it show?  
I'm the punk with the stutter

My, my, my, my, my g-g-g-g-generation  
My, my, my, my, my g-g-g-g-generation

I have to be careful not to preach  
I can't pretend that I can't teach  
And yet I've lived your future out  
By pounding stages like a clown

And on the dance floor broken glass  
And bloody faces slowly pass  
The numbered seats in empty rows  
It all belongs to me you know

You declared you would be three inches taller  
You only became what we made you  
Thought you were chasing a destiny calling  
You only earned, what we gave you

You fell and cried as our people were starving  
Now you know that we blame you  
You tried to walk on the trail we were carving  
Now you know that we framed you

I'm the guy in the sky, flying high, flashing eyes  
No surprise, I told lies  
I'm the punk in the gutter, oh yeah

I'm the new president and I grew and I bent  
Don't you know? Don't it show?  
I'm the punk with the stutter

My, my, my, my, my generation  
My, my, my, my, my g-g-g-g-generation  
My, my, my, my, my g-g-g-g-generation  
My, my, my, my, my g-g-g-g-generation
