Seems like it's going nowhere
Breaking the rules
Sick of staying in school
No future and I don't care
Breaking the rules
Sick of staying in school

I hate it so much (so much)
I don't wanna be some ordinary grown up
It makes me throw up (throw up)

Tell me what did you expect
Breaking the rules
Sick of staying in school
So far I have no regrets
Breaking the rules
Sick of staying in school

I hate it so much (so much)
I don't wanna be some ordinary grown up
It makes me throw up (throw up)

And it makes no sense at all (makes no sense at all)
And it makes no sense at all (makes no sense at all)
And it makes no difference what you tell them
Don't nobody care

No future and I don't care [x4]
