(Frantz/McGee)

Hey ya babe, whatta you say?

What's on your mind, hey?

Hey ya, doll, if I may

What makes you feel like this?

So far away...

Do you want to sail away?

(Into the deep blue sea)

Just the wind and the waves,

(And a wink from up above)

Do you want to sail away?

Hey ya, babe, come out and play.

The rain's on my mind, hey.

Hey ya, love, why do you stay?

What makes you tease like that?

So far away...

Do you want to sail away?

(Into the deep blue sea)

Just the wind and the waves,

(And a wink from up above)

Do you want to sail away?
