(matraca berg/marshall chapman)

All I want is everything
On a silver platter, in a champagne glass
All I want is everything
And that shouldn't be too much to ask
All I want is everything
All I want is everything

All I want is a cadillac
The kind that elvis drove
He'll be riding in the back
You and me baby behind the wheel
All I want is everything
All I want is everything

It's a big ol world
It's a big ol world
Big enough for a pretty girl, yeah

All I want is all your lovin
To feel the earth move when we kiss
I don't need me a big ol diamond
Baby I'll take it if you insist

All I want is everything
All I want is everything
It's a big ol world
It's a big ol world
Big enough baby for a pretty girl

All I want is everything
All I want is everything
All I want is everything
All I want is everything
Ooooh yeah
