(monty criswell/lee thomas miller)

Sometimes I burn just to taste your kiss  
To hear passion call me by name  
To make love to you the reckless bandit  
And become new to the flame

Sometimes when I need to know how much you love  
There's a softer way to show me  
Love me in your arms  
Hold me closer to your heart  
Sometimes I just need you to hold me

You know the words to make me feel pretty  
Lying there in the early morning light  
I like it when you say you'd be lost without me  
And I love all your reasons why

Sometimes when I need to know how much you love  
There's a softer way to show me  
Love me in your arms  
Hold me closer to your heart  
Sometimes I just need you to hold me

Hold me like a heart should hold ones soul  
Hold me like you're afraid to let me go

Sometimes when I need to know how much you love  
There's a simple way to show me  
Hold me in your arms  
Listen to the beating of our hearts  
Sometimes I just need you to hold me  
Sometimes I just need you to hold me
