I wonder why the sky is blue
He said, "I never really thought about it"
And i said, "Sometimes it's so hard to talk to you"
He said, "Then why don't you just kiss me, darlin"
I turned up the radio and sang "keep on rock'n me
baby"
He said, "You know, you really know just how to drive
me crazy"
And I said

"I love you, I hate you
I could never live without you
I adore you, sometimes I wanna floor you
I can't stand to be around you", and he said
"Yeah, I know. I love you too"

His horoscope said he'd meet a sexy brunette
He said, "I can't believe you believe that stuff"
I said, "Let's quit our jobs and move down to Key West"
And he said, "Baby, when did you dream that one up?"
Sometimes you make me so happy I wanna scream and
shout it
But you can make me so mad I wanna break everything
in this house
And I said

"I love you, I hate you
I could never live without you
I adore you, sometimes I wanna floor you
I can't stand to be around you", and he said
"Yeah, I know. I love you too"

"I love you, I hate you
I could never live without you
I adore you, sometimes I wanna floor you
I can't stand to be around you, but"

"I love you, I hate you
I could never live without you
I adore you, sometimes I wanna floor you
I can't stand to be around you, but"
