You must wonder how it feels to be in my shoes
As I lie here with the one you love
You don't even know my name, but somehow I know
you
Not something I am proud of
Why do I do it?
Put myself through it?
One thing's true, you lose every time
Still here I am, lovin your man

I won't tell you that it's not beautiful and
I can't promise I won't keep on holdin on
But I can say I never meant to hurt you
I'm prayin every night
No matter how hard I try
I can't stop loving your man

Do you ever raise your eyes as he's walking out the
door
And say "Where're you going this time darlin?"
You listen to the lies, then just go back for more
Knowin he'll come home again
Yes I wonder how it feels, to wake up in his arms
Beside him every mornin
But at the end of the day, he still turns to you
The one who's always been there for him
Why do I do it?
Put myself through it?
All it proves is you lose every time
Still here I am, loving your man

I won't tell you that it's not beautiful and
I can't promise I won't keep on holdin on
But I can say I never meant to hurt you
I'm prayin every night
No matter how hard I try
I can't stop loving your man

No matter how I try
I can't stop loving your man
Loving your man
