I've got a feeling, call it intuition

I've got a feeling we're getting into something more

You've been talking telling me your secrets

Baby, that's just a crack in the door

I wanna know what's on the other side

Come on baby now don't be shy

I wanna know what's on the other side

Of this kiss, that look

I wanna read you baby, like a book

So close, to those eyes

I wanna know what's on the other side

Of this kiss

I got a vision, you and me together

I got a vision, wants to turn into reality

Show me your heart, show me your emotions

Show me parts of you I can't see

I wanna know what's on the other side

Come on baby now don't be shy

I wanna know what's on the other side

Of this kiss, that look

I wanna read you baby, like a book

So close, to those eyes

I wanna know what's on the other side

Of this kiss

Yeah, yeah, yeah

I wanna know what's on the other side

I wanna know what's on the other side

Come on baby now don't be shy

I wanna know what's on the other side

Of this kiss

(I wanna know what's on the other side) Of this kiss

(I wanna know what's on the other side) Of this kiss

(this kiss, that look) That look, those eyes

This kiss
