I don't have to hold your hand, You don't know
You always seem to understand, I don't show
I don't wait for me to say but I need

Take me where my hearts already going, I been waitin'
there so long
Your just cathcin' up to me

Skin on my skin
Hands on my face
Feeling your lips all over the place
I thought I knew
But I never felt oh the way you make me melt

I can just sit and watch you smile
Your beatiful
I swear the world stops spinnin' around,
You turn me on

Skin on my skin
Hands on my face
Feeling your lips all over the place
I thought I knew
But I never felt the oh way you make me melt

The way you make me melt

I never want this to end over and over over agian
Keep that in reasons to stay [to stay, to stay]

Skin on my skin
Hands on my face
Feeling your lips all over the place
I thought I knew
But I never felt oh the way you make me melt
Skin on my skin
Hands on my face
Feeling your lips all over the place
I thought I knew
But I never felt oh the way you make me melt

The way you make make me melt

The way you make me melt
The way you make me melt
