What if I leave this world before you  
Would you curse God and break his rules?  
But if I was to be taken by force?  
In your heart, would you feel remorse?

All my life I thought of you  
To be with me living for love  
But if I leave, I would be free  
Please come save me let's live for love

What if I told you that I wanted to go  
Would you look at me and say no?  
Tears of compassion filling both eyes  
Please say you love me don't deny  
So much pressure, so much pain  
Losing everything I've gained  
But what I'm living for is love  
You've saved my life you're from above

Don't you know that my world is so cruel?  
I must've broken every rule.  
Oh please can I tell you something?  
I promise you this is no lie

All my life I've thought of you  
To be with me living for love  
But if I leave, I would be free  
Please come save me let's live for love  
Living for love.
