I've been livin' in sin city, on the wrong side of the town
Said I've been livin' in sin city, on the wrong side of the town
Where nobody wants to know yeah, they just wanna put you down

Well I've been livin' fast and easy, doin' things that I shouldn't do
Said I've been livin' fast and easy, doin' things that I shouldn't do
I think I'm gonna change my ways, I keep comin' back to you
... Alright

(Guitar Solo)

Livin's not been easy, when you're a loser life is tough
Well I said livin's not been easy, when you're a loser life is tough
Gonna stop my runnin' 'round now, cause I think my bodies had enough

(Guitar Solos)

I've been livin' in sin city, on the wrong side of the town
Said I've been livin' in sin city, on the wrong side of the town
Where nobody wants to know yeah, they just wanna put you down
