we've been through so many years  
with so much things unsaid  
in cold nights we shared our tears  
the bright days we had  
you can't throw it all away  
and leave me here in despair  
tell me that you still care  
we walked down the hall  
remember we walked down the hall  
i should have known it for all  
that you wanna go  
we walked down the hall  
remember we walked down the hall  
you left nothin' at all  
in my heart  
well we lived the moments under the sun  
but time passed to fast  
now you tell me your feelings are gone  
i wish to the past  
we gone apart by this conflict  
and i begged you to stay  
but you ran away

we walked down the hall...  
the last time in your arms  
the last kiss from your lips  
i will long for your touch  
but now it's too late  
now you sittin' in your train  
and i will never ever see you  
again
