My memory of him  
Brings the pain  
The despair of  
Being alone again  
In one flash we were  
Up in the air  
But he lost his grip  
And went astray  
His images ran here  
In my mind  
Expecting again that  
He'll be mine  
Then again my  
Feelings  
Still intact  
But he went away  
And turned his back  
But he went away  
And turned his back  
Insanity only  
Relieves the pain  
Left me like a fool  
Soaked in the rain  
A light shone  
Down on me like  
Falling leaves  
As if to seek  
Something for relief  
As if to seek  
Someone to believe  
Is this the love  
I seek through ages  
The fantasy I've  
Been longing for  
He told me it would  
Be for the best  
To stay away  
And leave his mess  
And leave his mess  
And leave his mess  
And leave his mess  
My memory of him

Brings the pain  
The despair of  
Being alone again  
In one flash we were  
Up in the air  
But he lost his grip  
And went astray  
His images ran here  
In my mind  
Expecting again that  
He'll be mine  
Then again my  
Feelings  
Still intact  
But he went away  
And turned his back  
But he went away  
And turned his back  
But he went away  
And turned his back  
But he went away  
And turned his back  
On me  
He went away  
He went away  
He went away  
He went away
