I said I said I said I say - here's a lesson you don't get  
I said I said I said I say - I loop the loop when I get lose  
I said I said I said I say - Ignition ignite your night out  
I said I said I said I say - all the slang that a boy can use  
Slang teacher no pain in the mouth  
Slang teacher no long in the tooth  
Slang teacher chew it up spit it out  
Slang teacher chuck your daddy out the room

Watch the walk & watch the talk - you don't need no  
walking stick  
Watch the way you talk & walk - you don't use no  
parachute  
A bottle & a knife & fork - comes on down so slick &  
quick  
Walkie-talkie watch that talk - what's the alphabet he  
picked

Creature's the feature-creature's the feature  
He's gonna eat-cha slang teacher slang teacher

Gasoline gonna fill you up - gas'll get you out the door  
Gasoline gonna pump you up - made to pick you off the  
floor  
Gasoline gonna blow you up - then you'll never need no  
more  
Gasoline gonna chew you up - that's what you chew  
your million for
