Say what about the happy roman
He was just too gladiator
It's raining cats & dogs & I'm whooping on the roof
It's raining cats & dogs & I'm whooping on the roof
Went walking all the way up to the roof
I saw every step on the way to the top
Eddy Eddy on the 25 block
& the other boys says he's cock of the block
But looking from a long long drop
Pretending all the way there & back
I did a cat on a hot tin roof
& it was my very very best spoof
The other boy says I'll race you down
But as for me I walk all the time
Anyway I was looking it up
Up until the middle of the night

The other boy says I'll race you down
But I never watch no tick-tock time

Ba-doop-doop-doop-da-doop
Boop-ba-doop...
I don't spoof I fly by night huh
Eddy Eddy on the 20 flight
I don't spoof but I spoof at night
I'll meet you up on the 20 flight
Alright it's raining dogs & I'm whooping on the roof
It's raining cats & dogs & I'm whooping on the roof
