All in all my world was made for two.
Now how am I to know just what to do.
With two bare hands alone.
I'm stuck with the past.
And the whys of love that was ment to last.

I took it all for granted.
All the riches of life I had it.
I found out too late.
And each night and each day.
I'm lost in the bygone zone.
And I took it all for grantes.
Making pure love grow tainted.
I can't change her mind.
Or turn back the time.
I'm lost in the bygone zone, alone.

Now and then I see her passing by.
Not aware that she still occupies.
Every square of my mind moved on.
Got on with her life.
A brand new glow in her familiar eyes.

I took it all for granted.
All the riches of life I had it.
I found out too late.
And each night and each day.
I'm lost in the bygone zone.
And I took it all for grantes.
Making pure love grow tainted.
I can't change her mind.
Or turn back the time.
I'm lost in the bygone zone, alone.

All in all her world was made for two.
Wish I could share mine with someone that beautiful.
But it's way too late.
I'm stuck with the dreams
of a love I tore up at the seems.

I took it all for granted.

All the riches of life I had it.
I found out too late.
And each night and each day.
I'm lost in the bygone zone.
And I took it all for granted.
Making pure love grow tainted.
I can't change her mind.
Or turn back the time.
I'm lost in the bygone zone, alone.
