Rushing up in the middle of nowhere.
Bulldog doing wakeup calls.
Dark morning bad wolfs are howling.
Ready set go!

Get a-moving, get a-rolling, hit the action.
Non stop hell ride rendezvous.
Speeding up can you hear us coming
through to your neighbourhood.

There's no safe corner Wig Wamania's everywhere.
Rocking through the air.

Back on the rodeo.
Back on tour extreme.
Losing all sense of sanity.
Back on the rodeo.
Chasing gypsy dreams.
Racing time on these nameless streets.
Back on the rodeo.
In the dare devil heat.

Going fast, going nuts, going crazy.
Restless sould bound to hit and run.
Ten hours highway madness.
Just to turn you on.

Get it up, get it up, get in motion.
Me and my buddies are gonna make some noise.
Filling you up with big distortion.
Leaving you no choice.

There's no safe planet Wig Wamania everywhere.
Rocking through the atmosphere.

Back on the rodeo.
Back on tour extreme.
Losing all sense of sanity.
Back on the rodeo.
Chasing gypsy dreams.
Racing time on these nameless streets.

Back on the rodeo.
In the dare devil heat.

There's no safe planet Wig Wamania's everywhere.
Rocking through the atmosphere.

Back on the rodeo.
Back on tour extreme.
Losing all sense of sanity.
Back on the rodeo.
Chasing gypsy dreams.
Racing time on these nameless streets.
Back on the rodeo.
In the dare devil heat.
Back on the rodeo.
Back on the rodeo.
Back on the rodeo.
In the dare devil heat.
Back on the rodeo.
Back on the rodeo.
In the dare devil heat.
