You say it's time to walk away and leave all this behind.
Telling me it's all been wasted time.
Heavy clouds above my head, it's pouring from the sky.
Baby there ain't no place I can hide.

Loving every minute when my presence makes you
smile.
Then you look so fragile when you cry.
Hate it when you do the stuff that is pushing me aside.
Leading me a lonely road to ride.

Just a slave to your love, I'm under your spell.
Cut's me deep in my soul.
I'm losing my sense of control.
Everyday, it goes on and on.
We play the same old song.
Baby you know I'm just a slave to your love.

Don't you ever be afraid I'll keep an open door.
Even though you don't care anymore.
Can't you see it's destiny, I just can't let you go.
I'll bring us back to what we had before.

Just a slave to your love, I'm under your spell.
Cut's me deep in my soul.
I'm losing my sense of control.
Everyday, it goes on and on.
We play the same old song.
Baby you know I'm just a slave to your love.

Slave to your love.
I can't take anymore.
Ain't sending my love out the door.
Set me free, can't you see.
What you're doing to me.
Don't want you to leave me alone.

Get down. Baby get down. Get down.

Just a slave to your love, I'm under your spell.
Cut's me deep in my soul.

I'm losing control.
Just a slave to your love, I'm under your spell.
Cut's me deep in my soul.
I'm losing my sense of control.
Everyday, it goes on and on.
We play the same old song.
Baby you know I'm just a slave to your love.
A slave to your love.
A slave to your love.
