i'm disappointed/in the outcome/  
you're supposed to be my one and only/  
i hope you're happy/in your empty/  
house that you have cleansed of me/

and it looks like you are glad/  
you have made me very sad/  
its a struggle just to let you go/

when you keep sneaking/into my dreams/  
acting like things are fine and dandy/

and it will be but im/  
gonna need a little more time/  
its a struggle just to let you go/

and i want to, i do/  
wanna be over you/  
its a struggle just to let you go/

im disappointed/in the outcome/  
you're supposed to be my one and only.
