It seems like  
Out of nowhere  
I'm coming apart  
Nothing could've saved me  
You went straight for my heart

When I've almost had enough  
Something about you draws me back again  
When I've almost given up  
Something about you pulls me in  
And we're falling

Feels like  
I am reaching  
Tryin' to hold on to you  
And I know that

There's still hope here  
And I know you'll come through

When I've almost had enough  
Something about you draws me back again  
When I've almost given up  
Something about you pulls me in  
And we're falling

When I've almost had enough  
When I've almost given up  
We start falling  
And we're falling
