Baby I think you made me drunk with drama
It's the only way to understand the things you do
Neither one 'cause I could always calm the storm
That's raging as a kind that you're inclined to

You know I love you baby
I'd do anything for us
You know I love you baby
Come on, enough's enough

I don't need a come off soul patience
It's been too much time begging you to stay, yeah
Baby, you run from every situation
But God forbid just might not go your way

You know I love you baby
I'd do anything for us
You know I love you baby
Come on, enough's enough

You do or you don't
Will or you won't
It's all or it's nothing
There's no more inbetween

It's a little or a lie
With something all well of
Is and all it is
I can't take much more of this

You know I love you baby
I'd do anything for you
I love you baby
Even with all you put me through

You know I love you baby
I'd do anything for us
You know I love you baby
Come on, enough's enough, enough's in

You know I love you
I'd do anything for you
