Sorting through the damage  
From that which we have lost  
It's time you paid the price  
For those that you have wronged  
You've taken all you wanted  
No regard to fault  
With justice comes the hour  
Prepare for the assault

You've had your day  
Now feel the

Reign of terror  
Pushing further into your land  
Oh face the reign of terror  
A sentence carried out  
By swift command

Another day is dawning  
Cause for your alarm  
A disregarded warning  
Will suicide your faults  
To my brothers calling  
Sound the battle horns  
Together voices roaring  
It's time we right the wrong

You've made your way to the

Reign of terror  
Pushing further into your land  
Oh face the reign of terror  
Devastation dealt by your own hand

Desperation felt far and wide  
You'll find no place to hide

See the reign of terror  
Pushing further into your land  
Face the reign of terror  
Retaliation you will understand

You've made your way  
Feel the

Reign of terror  
Pushing further into your land  
Face the reign of terror  
Devastation dealt by your own hand

Desperation felt far and wide  
You'll find no place to hide

Wow, see the reign of terror  
Pushing further into your land  
Face the reign of terror  
Retaliation you will understand

Face the reign of terror  
Face the reign of terror  
You face the reign of terror  
Face the reign of terror
