Yeah you're a monster
don't try to convince me otherwise
yeah you're an angel
but one of you will not survive

hey what's the matter now
did you not get what you wanted?
you're not the only one whose lonely
bows in your hair and a pony ride
this thing comes around only
to blow out some candles
so do it right

bipolar baby
do you notice me here
i'm your cyotye
i chewed off my arm just to be here
hey whats the matter now
did you not get what you wanted

you're not the only one whose lonely
bows in your hair and a pony ride
this thing comes around only
so blow out some candles
so do it right

ur not the only one whose lonely
if all of you're peices not fitting right
this thing comes around only
once a year so lets do it right

a shame it takes so many
tears to empty half your compact
and when your talking to yourself
you control the conversation
wooo oh

bipolar baby
wait till you hear what i made you

you're not the only one whose lonely
bows in your hair and a pony ride

this thing comes around only
to blow out some candles so do it rite
ur not the only one whos lonely
if all of your peices not fitting right
this thing comes around only
to blow out some candles
so do it right

wow wow no no no
wow wow nooo
