I'm not in love
I do think I have tried.
It cost too much
I don't have the money or the time.
Caused me to fall apart once or twice
It's worse can lack the beautiful mess.
In a perfect world we never came
Oh, we never left.

You remember what we were?
Do you find out what a kiss is for right before you die?

(chorus)

Just like when you have fallen
I will be there when you rise
In all kinds of weather
I will be there when you rise
Ohhh...

I know you're disappointed
It's there as long as you let yourself.
I know that's important
It's right when it has always been.

You remember what we were?
Do you find out what regret is for right before you die?

(chorus)

Just like when you have fallen
I will be there when you rise
In all kinds of weather
I will be there when you rise
Ohhh... It's the most peculiar feeling
I don't know what's coming
After we die
Ohhhh...I will be there when you rise.

(bridge)

I will remember your pain
And your fears

Ohhhh Come on
Come on yeah
Face that fear
Every moment that you are

I grow up
I hope to get the hang of this
I bleed from six strings
I let the truth fall from my lips

You remember what we were, were, were?
Do you find out what a kiss is for right before you die?

(chorus)
Just like when you have fallen
I will be there when you rise
In all kinds of weather
I will be there when you rise
Ohhh... It's the most peculiar feeling
I don't know what's coming
After we die
Ohhhh...I will be there when you rise.

2x Ohhhh, Ohhhh... I will be there when you rise
All kinds of weather
I will be there when you rise
Just like you were fallen down
I will be there when you rise
