I hope your ready
The great times coming
I hope your ready
I see them coming around
I hope your ready
The great times coming
I hope your ready
I see them coming around

Lets celebrate the good times
Celebrate the good times
Celebrate the good times
I just want to have myself a good time

Make some noise
Make some noise
Make some noise
Make some noise

For the good time, good time, good time
I'm living for the good time, good time, good time
I'm living for the good time, good time, good time
I'm living for the good time, good time, good time

Ima rock out hell yea hell hell
Get the party poppin
Keep it rockin 'up in here
I be in the party with my hands in the air
I go out and party like I just don't care
Put your drinks up Let's make a toast up in here
We gon do it big in the most up in here
I just want to chill with sexy tits up in here
Do not want the drama up in here
Lets get ready yea yeah

I hope your ready
The great times coming
I hope your ready
I see them coming around
I hope your ready
The great times coming

I hope your ready
I see them coming around
Lets celebrate the good times
Celebrate the good times
Celebrate the good times
I just want to have myself a good time

Make some noise
Make some noise
Make some noise
Make some noise

For the good time, good time, good time
I'm living for the good time, good time, good time
I'm living for the good time, good time, good time
I'm living for the good time, good time, good time

Everybody in the place to be
Make some noise... (crowd cheer)
