# Will I Am
# "Losin' It"

I'm tryna to maintain with all of these games
Me and my ex be sexing but I ain't her mayne
You, you know the deal when the love is real
But it's complicated we hate each other and still

Mess around when we got problems
No we have to solve them all
Issues yeah we got 'em
But I still revolve around her
Man we do it
Yeah we acting foolish
But before we get into it
I say hold up wait a minute

No I can't wait no more
I gotta have you boy
Somebody call the doctor
Scream and holla
Until your lungs get sore
No I can't take it boy
I want you even more
Touch me, touch me
I'm losing it...

It's fucking up my flow
This time I do not know
If I should give it to her
Or should I go
Cos when it's up and time to go
She gets emotional
She's tearing and she's crying
For what I don't know
Oh yeah I know we got them problems
No, we haven't solved 'em all
Issues yeah we got them
Yep, they just revolve around us
And we do it
Yep yep we do it
But before we get into
I say hold up wait a minute

No I can't wait no more

I gotta have you boy
Somebody call the doctor
Scream and holla

Until your lungs get sore
No I can't take it boy
I want you even more
Touch me, touch me
I'm losing it...

What do we do
What do we do
With me and you
With me and you
We fell in love
We fell in love
We f*cked it up
We f*cked it up
We broke it down
We broke it down
Now we mess around
Now we mess around
Girl it ain't right
It ain't right
So I say hold up
Wait a...
Wait a minute

No I can't wait no more
I gotta have you boy
Somebody call the doctor
Scream and holla
Until your lungs get sore
No I can't take it boy
I want you even more
Touch me, touch me
I'm losing it...
Scream and holla
Until your lungs get sore
No I can't take it boy
I want you even more
Touch me, touch me
I'm losing it...

I'm losing it...
