Now baby look I've  
I've got nothing but money, honey  
Aha  
And I wanna spend it all  
Spend it all on you  
Aha

[Spending money  
On you] x ?

Tonight  
Spending money

Girl lets go to store and spend bank  
Buy you things you like  
Get you pinky rings with diamonds in them  
Dress you how I like  
Put you in a flower designer clothes  
Look your wardrobe  
But Louis Vuitton  
Try on Yves Saint Laurent  
Let me give you what you want  
Take you to the South France  
Sit up in nice restaurants  
Eat food that we can't pronounce  
Go yacht in Saint Tropez  
Club happening in Miami  
Girl I love you special way  
So go help me spend my money

Now baby look I've  
I've got nothing but money, honey  
Aha  
And I wanna spend it all  
spend it all on you  
Aha

[Spending money  
On you] x ?

Let me get you something

Spending money  
Can I buy you dinner  
Spending money  
Tonight  
Spending money

They say money don't buy nobody's love  
But you've already got them from me  
I've already got it from you  
You my baby's mama I'm your baby's daddy  
We are family  
Let's go spending this money  
Let's go take a nice exotic trips  
Live a life lavish  
Make a wish Lis  
I'll give you the things you like  
Make a wish Lis  
Don't you worry 'bout the price  
Girl I do adore you  
That's why I'm trying to spoil you  
I'm doing all that for you  
Cuz, losing you I can't afford.

[I ain't try to buy you  
I just wanna buy you all them things  
That you always wanted] x 2

[Girl let's go shopping] x 2

[Now baby look I've  
I've got nothing but money, honey  
And I wanna spend it all  
spend it all on you  
Aha] x 2
