I can't see just what you mean to me. It's hard to settle
down when your love's underground...

& don't give me that bullshit, 'cause I, oh? Can see
right through? You don't even have a clue.

Impossible as it may seem, I'm gonna come clean. "I
fell to the floor when I lost you once before."

* don't make me feel sorry for what I can not ever take
back...it's like a hurricane-heartattack.

I don't understand the things you do. The things you do
just get out of hand. All I do is try so hard to help
explain what you can't say. & don't you ever come
around with your lies again!

Don't give me that bullshit 'cause I know I can see right
through, that you don't even have a clue.

I can't see just what you mean to me
