Love and life a mysterious combo
Sit back relax 'cause now it's time to go
Back in my past my personal strife for being
Caught in the middle of love and life

Love is a fairytale earthly bond
But life is true reality chimes
When life brings on love is kind of hard for you to give
up
The satisfaction you started for

This is a metaphor sort of a riddle

If your confused chill and I'm sure it'll
Clear up for you in a little bit
Love and life and I'm caught in the middle of it

The middle
The middle

Who or why your love ain't always right
Especially when you cross the pass of life
The wrath of life is hard 'cause your taught to dream
on
But when your out in the world realities on

You found somebody to be with
You pour your lovin' in and it seems as if
Your pouring your love into a bottomless pit
You love each other but it just ain't workin'

Your not meant to be together it seems like
Well, just think maybe it's things like
She work 9 to 5, you work 5 to 9
Never together two separate lives

Love versus life see what I mean
You like the movies, she like the club scene
Nobody's wrong and nobody's right
Just caught in the middle of love and life

Caught
(In life)
In the middle
(In love)

Caught
(In life)
In the middle

Caught

Everybody wants to capture the rapture
Love and live happily ever after
Walking around barefoot sniffing daisies
Laying around all day long making babies

Go to France and dancin' eatin' in Sweden
Gambling in Rio, winning 'cause you're cheating
These are situations you can have some fun in
But open your eyes and real life comes running in

Dreaming again a plateau to come down off
Back to the world and see your love life sounds off
Start the day right call your girlfriend
But love and life start at it again

She says, baby I need to send you
You say, babe I got work to tend to
Love tells you to go be with her
But life says, boy get your butt to work

Think of love and life as a rock and a hard place
Exhilarating like a high speed car chase
Heart ache, heart break cuts like a knife
Caught in the middle of love and life

Caught
(In life)
In the middle
(In in love)

Caught
(In life)
In the middle
(In in love)

Caught
(In life)
In the middle
(In in love)

Caught
(In life)
In the middle
(In in in love)

Caught
(In life)
(In love)
Caught
(In life)
(In love)

Caught
In in the middle
Caught
In the middle
Caught
