Yeow, so fo' ever  
Oh forever, forever, forever, yeah  
Oh  
Chasin' forever

Early mornin' wake up  
Gently with the caress on your hand  
And that kimono that I bought you on my trip to Japan  
Sunshine peekin' through the venitian blinds  
Four years, and like wine, you got finer with time  
I got a question, if the prodda dressin' and the Gucci  
All got goes, and the freeze on the lucci

I mean real bad girl, I'm talking rougher than rough  
Do you think it'd be enough if we just had us?  
Don't answer quick, think about it cause I'm askin' for  
real  
Golddiggers goin' to hear this song drivin' and crash at  
the wheel  
Forever is a long time, so far we gettin' along fine  
No car I ever drove, no ice I ever saw  
No music I ever made, ain't nothin' I wanted more  
We could deal with whatever together  
Sunshine, all that other weather, when we chasin'  
forever

I wanna stay with you forever  
I wanna spend all my life with only you  
I wanna stay, lets stay together forever  
Chasing forever with only you

Chasin forever, a buckwild, endeavorous scene  
Should we pursue with somethin real or just chasin' a  
dream  
Or casin' the scene  
'Fore I die I plan  
To see your soul and eternity in the palm of my hands  
Now as a man, there's certain things I'm lackin' for sure  
But I'm committed to growin' and coming at you  
mature  
In the future, I know it ain't gonna be all good  
But when we feelin' the hurt, if we willin' to work

The eight ball will never turn to see us behind  
Though I ain't no knight, and my armor don't shine  
My mom said the lynch pin of love is trust  
An' taught me monogamy is uh, monogamous  
Plus, for you dinner by candlelight  
Now don't commit before you sure you understand me  
right  
It's a race to a strange place, most see never  
It's a chase we gotta make together, forever

I wanna stay with you forever

I wanna spend all my life with only you  
I wanna stay, lets stay together  
Chasing forever, with only you

Now you would think after all my heartbreaks I'd be  
cruel  
Hidin' behind my ego, evil but no  
Much to contrary, I'm very much certain  
You searchin' for joy, it's on the other side of hurtin'  
Finally found a person, worthy of all  
Instead of pushin' me down, you wanna cushion my fall  
Your eyes could make the sun rise, all the birds sing

Seal it with a kiss, bind it with a ring  
More carrots than even bugs could eat in a week  
An' the ribbon in the sky, close your eyes don't peek  
I'll tell you what I see in the future  
A Hacienda so cute with, five little kids callin' you mom  
And callin' me dad  
Havin more good times than JJ had  
Judging by the look in your eyes, you see it  
Let no man sever, welcome to forever

I wanna stand with you forever  
I wanna spend all my life with only you  
Each and every day  
Chasing forever

I wanna stay with you forever  
I wanna spend all my life with only you  
I wanna stay, lets stay together  
Chasing forever, with only you

(Dont you go nowhere)  
Chasing forever  
With only you  
Chasing forever  
(Stay forever, each and every day)

Chasin' forever  
Forever, forever  
With only you

(Forever, forever)  
(With only you)  
(Forever)  
(Chasing forever)
