(put your hands together, welcome fresh prince and jazzy jeff)

Mic check, y'all ready to have a party out there?  
I can't hear you, is brooklyn ready to have a party out there?  
Before we get started here  
I'd like to pay a couple respects to the people  
That made me what I am today  
All the people I used to listen to while I was growing up  
Put your hands together for grand master caz and mellie mel  
Let me hear it back there, for grand master caz and mellie mel  
I'd like to pay my respects to mr. magic, dj red alert  
You know I'm a young boy, I'm just coming up, you know, starting to do this  
I'm 17 years old and gonna do what I wanna do up here, right?  
But before I do what I wanna do I wanna know is brooklyn in the place?  
Brooklyn's out there, bedsty? where's bedsty at?  
Ready, yeah? we gonna get started like this  
And you know it, you know it  
Everybdoy put your hands in the air  
Let me see you put your hands in the air  
If you came to have a party right now  
Everybody let me hear you say hooooo  
Say ho ho  
Now all the ladies  
All the ladies in the house say owwww  
Say owwww  
Ya don't stop  
Homeboys make some noise  
Let me hear you say yeaaa  
Say hell ya  
Say brooklyn rocks the spot  
Let me hear it  
Louder, say brooklyn rocks the spot  
Let me hear it

And you know it, you know it  
Are y'all down with the beats

My dj jazzy jeff is throwing on all the def beats  
I wanna let y'all know this is my dj  
That's going by the code of jazzy jeff  
In a little while, y'all gonna check out the human  
lyndrum  
Ready rock c, but right now, everybody out there  
I want everybody out there that's ugly  
All the ugly people be quiet  
All the filthy, stinky, nasty people be quiet  
All the homeboys that got aids be quiet  
All the girls out there that don't like guys, be quiet  
Hold on, wait a minute  
All the girls that don't like guys be quiet  
You know it  
Cause see, what we like to do is we perform, right?  
We like to see how much noise the people can make,  
right?  
Are y'all down with this  
Let's dance  
How many a y'all remember that?  
Yall remember that?  
Yall remember that record, you know it, you know it  
What my dj is going to do on the wheels of steel  
Is something y'all have never experienced before  
The dj jazzy jeff  
I want y'all ta bust a move, and it goes something like  
this  
Check him out, backward  
Hey jazzy, transform  
That's dj jazzy jeff on the transformer scratch  
Hey jazzy, jazzy  
Wait a minute, wait a minute  
They didn't make enough noise for me  
Give it up for another transformer scratch  
Jazzy, one more transformer  
Are y'all down with that, or what?  
Whoooo
