I can't wait it
Honey, honey, honey, honey, honey, yeah
I can't wait to be with you

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait, yeah
I can't wait to see you

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait
Loving you is all I wanna do

Ten O'clock, my flight lands
Can't wait to hold the palm of your hand
Been seven long days since the last that I saw you
And every free moment I get, I gotta call you

Takin' every chance to glance at your cute face
And lookin' at you, eight by ten in my suitcase
Ain't been with my honey in a long while
And when I get a hold of you child

No telling, what I might do 'cause I'm a be like a kid
That got a toy in his brand new
Can't wait to hold you can't wait to see you
Can't wait to jig you, I can't wait to be with you

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait, yeah
I can't wait to see you

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait
Loving you is all I wanna do

Being in love is like an amusement ride
G, I feel like it's a party inside of me
Smile on my face and there's a twinkle in my eye

Time to go to work but it's so hard to say goodbye

And as I think of you, it's like I had a drink or two
I feel dizzy damn, where is she?
Pick up the phone and call you about three
Hello, yeah baby, it's me

Just to hear your voice and just the thought of you
Got me tripping that's why I just bought a new cellular
phone
So I don't have to postpone when my beeper goes off
No more running to a pay phone

You're astounding that's why I'm expounding
So vivacious and baby, your face is
That of a Goddess, it's making me feel numb
Fe fi fo fum baby, come and get some

Of the man the myth so debonair
Is that why, fair as a pair we extraordinary?
Me and you is a team, it's kind of swell in it
Love is a hole and I tripped and I fell in it

From the mountain to the valley to the deep blue sea
All I can do is hope and pray that you wanna be with me
I'm saying, it's from my heart that's how you know that
it's true
Yo, I can't wait to be with you

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait
I can't wait to see you

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait
Loving you is all I wanna do

[Incomprehensible]

Presto change, I wish, oh, I was a magician
Snap my fingers, short at my heels and then
Abracadabra right their beside you
But here sittin' and dreaming is all I could do

I'm in at an airport, an hour till flight time
Can't wait to have direct in my site line
Got a warm feeling in my chest
Thinking of your soft caress

I miss you so much
It ain't enough to just reach out and touch
I want a hold your hand in my hand
And walk and talk barefoot in the sand

And I can't wait to just see your smile
And I can't wait to be alone for a while
And I can't wait to do the things we do
Oh, I can't wait, I can't wait, oh, I can't wait to be with
you

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait, yeah
I Can't wait to see you

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait, yeah
Loving you is all I wanna do

Can't wait, can't wait
I can't wait to be with you
Can't wait, can't wait
I can't wait to see you
Can't wait, can't wait
