from the heart of west philly  
came my man jazz  
with mucho pazazz and a razamatazz  
he slice the wax cut forward cut back  
right and exact  
you know the man ain't at all wack  
The magnificent movie astounding  
The crowd going loco  
Kick drum pounding

People surrounding us checking the concept  
Cutting up a storm that's why the crowd is all wet  
Other dj's standing around jeff  
Trying not to give up props to the worlds best  
Shaking his hands trying to say that he cant flow  
Cause jeff is a horse though that they all turn to  
A mellow kinda fellow but in the past he

Been known to get an attitude and get right nasty  
Snatch the wax  
It's a fact not a figment  
Get real and rip wheelz its downright ignant  
And when he step on toss the confetti  
He burn more wheelz that mario andretti  
Jeff is there anything less you wanna say to the crowd(I  
wanna rock right now)  
We'll get down now(I wanna rock right now)  
Say what what(I wanna rock right now)  
Yo jeff lets go back to the ol set for a second  
Come on Yo jeff (rock the beat)  
Come on Yo jeff (rock the beat)

Yo hes moving the crowd like a cloud u gotta get aloud  
Cause jeff wants to (rock right now)  
Peep the boy get swift he got the gift to lift we just

After a battle and I watch jeff win em  
He stomp the comp got cuts like venom  
Doper than coke the boys just def
