[Chorus - Tra Knox - singing]

Nothin's on my mind - 16X

[Verse 1 - Will Smith]

Today I'm goin' freestyle

And everythin' is gonna be about me now

And I ain't doin' nothin', I'm gonna cool out

A little somethin' bumpin', but not too loud

Nothin' jumpin'

I'm gonna get my golf clubs

Or call me a masseuse, and get me a soft rub

Or noddin' with a mimosa, in my hot tub

Or two-way momma me, let's go and get a nice scrub

Yeah maybe that, or maybe I could swim some

Or rollin' in my Bentley, follow my rims some

Where? Yo, I don't know, care if none of my friends
come

A hat and shades go out and try to blend some, yeah
right

Days off is hard to come by

Especially for Hollywood's number one guy

So let me get to movin', while the sun is high

My cell is off, two-way is off

It's yearly crazy, today is gravy

[Chorus]

[Verse 2 - Will Smith]

Half awake and half asleep

As I watch the sun, it slightly moved a little past its peak

And I feel like Tom Hanks but it's perfect, I'm a "Cast
Away"

Agenda full of nothin' but stuff to pass today

My sister asked me to cook somethin'

But that would fall into the category of doin' somethin'

And I done already said to ya'll that I ain't doin' nothin'

So let me say it again to be clear, I ain't doin' nothin'

Hmm, phew, a breather

I meant what I meant, when I said, when I said it's all
leisure

Neither, chart toppin' crowd pleaser

Phone rang Jada said, "Uhh he's uhh," I ain't home, so
turn that phone off
Come and sit on my lap, and take a load off
And lay down into my arms, and we could doze off
To work as much as I work, I must be thrown off, what a
day

[Chorus]

[Tra-Knox]
Yo, yo, yo, mic check, mic check
Ah, that's cool

[Will Smith]
That's hot right

[Tra-Knox]
Yeah, alright I'm gonna do the umm

[Will Smith]
Hey Ramon help me out dog

[Tra-Knox]
This is hot

[Will Smith]
Yo chief, yo Tone, come on

[Chorus]
Nothin's on my mind - 25X
