Yeah
Uh Uh
Cant feel the rain
What what
We bout to do it like
The little rain drops falling down on me
And I can't seem to feel it feel it
Feel it coming over me

The rain gonna come
Through the window pain gonna come
Black white rich poor it's the same old drum
Rainy days like a war use wisdom as a weapon
Hold your head up dry your clothes and keep steppin
Let the children feel the rain
Cause if they feel the rain
From the wettenin they stand to gain
I came into the game
It felt like the middle of june
Music was warm
Artists like flowers they bloom
Then boom I shook the room
Many felt the thunder
My time to shine did it like summer
I wondered if the sun would shine forever
Pop said rain gonna come
To him I said never
Cheddar in the genes
Face on screen
Benz with a sheen
But what did it all mean
I earn money
And burn money
Credit cards smokin
Platinum, grammy's famous but still broke and
Not having cash put me in check
The road to the riches is slippery when wet
Amongst the fog is where you truly find yourself
Ever since then the rain I never felt
Deal with it
The little rain drops falling down on me
And I can't seem to feel it feel it

Feel it coming over me
The little rain drops falling down on me
And I can't seem to feel it feel it
Feel it coming over me

At age 17
The worst pain
A hurricane
Her first name still conjures the rain
Vowed to never let nobody ever get me wet
Lest we forget love is a four season concept
Many say the rain they can't stand
Never let the weather
Determine the man
God has a plan
From it I never ran
Followed my heart through the storms
Umbrella in hand
I'm Noah life's my ark
40 days and 40 nights
Still can't take my heart
Seen a fallen man
To dope and liquor brand
Devil a dance
To make it rain
Bringing the pain
Walk through the
Puddles of
Struggle on flooded streets
Soaking wet but mastered the art of peace
Grey skies I grew wise on bended knee I knelt
Since then the rain I never felt
What's with it?

The little rain drops falling down on me
And I can't seem to feel it feel it
Feel it coming over me
(Cant feel the rain uh uh can't feel the rain)
The little rain drops falling down on me
And I can't seem to feel it feel it
Feel it coming over me
(uh uh uh uh)

Sometimes I sit in my room
Stuck with my mind stressed
Cant rest so I open the blind
Seen kids in the streets running around
It wasn't touching them
But the rain was coming down
I wondered how
With my mouth wide

Reminiscenced as a kid
I said I wanna go outside
In the rain to see if the same would happen to me
Bout that time god started rapping to me
He said pain is the mother of change
The rain must flow so the seeds of joy might grow
Don't be afraid find shelter in me
The road to greatness through the valley of adversity
I felt the light as he proceeded to drop the gem
These little children the world we must receive like
them
I just smiled and thanked him for the cards he dealt
And since then the rain I never felt
What's with it?

The little rain drops falling down on me (The Rain)
And I can't seem to feel it feel it
Feel it coming over me
The little rain drops falling down on me (fall down)
And I can't seem to feel it feel it
Feel it coming over me

The little rain drops falling down on me (falling down
on me)
And I can't seem to feel it feel it
Feel it coming over me

The little rain drops falling down on me (keep on
moving)
And I can't seem to feel it feel it
Feel it coming over me

The little rain drops falling down on me
And I can't seem to feel it feel it
Feel it coming over me
