Hello?
Yeah, I talked to him
Whoa, whoa..
Nah, you ain't got to explain nothin to me
See, you tried to play my man and end up playin
yourself
Later for you
Nah, matter of fact later for you
And your gold diggin girlfriend you put me down with)

(Thought I was a donut)
(Tried to glaze me)
(Thought I was a donut)
(Thought I was a donut, you tried to glaze me)

This story that I'm about to tell ya
Is all about this girl named Delia
Five foot seven a Gucci queen
With gold all over that flowed like a stream
I met her in a club on a Saturday night
The girl's jeans were tight and I got hype
I thought about talkin to this little miss
But I kept seen guy after guy gettin dissed
Every guy that cracked got flagged
But somethin kept sayin (you) (you) (you bad)
I walked up and asked the girl to take a ride
I whispered in her ear, said, "My car's outside"
At first she laughed and said, "Nah, not yet"
Then I told her it's a 'Vette and she said "bet"
"Under one condition: you gotta let me drive it"
She kissed me on the lips and I said (you got it)

(You got it)

Oh what sweet music she and I made
Only I was gettin dissed while she was gettin paid
Everything that I owned, she took it
All the way down to my foodstamp booklets
I was contemplatin her bein my wife and
All she was tryin to do was siphin
Every single dime that she could extort
She was Jane the Ripper, and she couldn't be caught

My friends tried to tell me but I stood behind her
(The girl ain't nothin but a 49er)
They tried to tell me but I couldn't be told
Because her beauty was a shovel that was diggin for
gold
Diamonds and furs, I spent all I had
And took her shoppin every day at Sack's 5th ave
Visa, Mastercard and even Discover
She told me this is the way that I can show her I love her
My friends tried talkin to me, they tried stoppin me
(If she had a gun they'd arrest her for robbery!)
I knew she was playin me for every dime
But I loved when people said (Homes, your girl is fine)
But then one day, yo, I got wise
I found out she was messin with a couple of guys
She told me that she loved me but I guess she forgot it
Oh, you wanna play hardball, huh (You got it)

(You got it)

The final night that I caught this girlie
I was out of town and I came home early
I caught her in a club kissin some guy Fred
Stormed up right behind her, grabbed her and I said
Yo Delia What's up baby
Come on you got to be crazy
That's your cousin you think I'm a nut
What kinda cousin would you let put his hand on your
butt
Na girl, you done got out of hand
And it's about to seem like I'm the repo man
You vacuumed all of my funds like a rug
But you stretched the cord too far you pulled the plug
Let's what come on it's too late to talk
It's like monopoly and I bought you the Boardwalk
But tomorrow you'll wake up and take a look
And think the stockmarket crashed on your pocketbook
But it's over now I want everything
All the way from Louis Vuiton bags to earrings
Especially the solid gold earring noodles
And the diamond watch, the whole kit and kaboodle
Don't tell me I'm trippin
Oh, you got amnesia now you're forgettin
Who did what for who I gave my all to you
I can't seem to see why you did wrong to me
I finally figured out what you're about
But it's the bottom of the ninth two strikes and two outs
You can go make a sucker of another fellow
It's 12:01 let's give it up Cinderella
I ain't goin for it, stop cryin
Like Ms. Melody said I ain't buyin it

Game over girl you finished clockin
You wanted your walking papers (You got it)

(You got it)
(Thought I was a donut)
(Tried to glaze me)
