It's a very tiny risk that I'm willing to take
It's my foot, it's my heart, it's my back
That I'm willing to break

It's the dog in me who's barking at you
What am I doing here, everybody wants you
Hands down?
Your death is coming soon

I don't wanna move too fast
I don't wanna scare you off
I don't wanna move too slow
Someone's gonna snatch you off

I don't wanna move too slow
I don't wanna move too slow
And end up all alone

I'm like a house cat, waiting to be clawed
It's a shotgun wedding
I hate buying logs
It's a drag dragging them around town
It's dragging me down

If I don't act soon somebody's gonna get you
I wouldn't mind, I could never tie you down

I don't wanna move too fast
I don't wanna scare you off
I don't wanna move too slow
Someone's gonna snatch you off

I don't wanna move too slow
I don't wanna move too slow
And end up all alone

I lost the plot
What was this all about?
Attack piano
The words are spilling out of my gun

Black blood from your new high heels

Stomping out someone who never
Should be lying at your feet

I don't wanna move too fast
I don't wanna scare you off
I don't wanna move too slow
Someone's gonna snatch you off

I don't wanna move too slow
I don't wanna move too slow
And end up all alone
