This is not a test or an SOS  
I'm no longer on a quest to get girls undressed  
I search through their hearts and no treasure I found  
I'm so lucky this one lets dogs hang around

It's good having somebody good for a change  
I thought that no good dirty cheats had drove me  
insane  
I had finally given up on love and romance  
If I laid down the sword I'm giving my innocence

Comin' for your heart like a cannibal  
Oh, she lets me right in and I'm fed 'til I'm full  
If something goes wrong I'm accountable  
Oh, a life without her is no life at all  
I la, la, la, la, la, la, la, la, love you cannibal queen

If she ever left me I would break down and die  
Like Mickey and Piu could bury me alive  
Another pretty girl I would love to admire  
From a distance but she's here so I'll jump in the fire

Comin' for your heart like a cannibal  
Oh, she lets me right in and I'm fed 'til I'm full  
If something goes wrong I'm accountable  
Oh, a life without her is no life at all  
I la, la, la, la, la, la, la, la, love you cannibal queen

Comin' for your heart like a cannibal  
Oh, she lets me right in and I'm fed 'til I'm full  
If something goes wrong I'm accountable  
Oh, a life without her is no life at all  
I la, la, la, la, la, la, la, la, love you cannibal queen
