I've been drinking  
With wolves dressed up as sheep  
They've been killing  
Injured creatures in their sleep

Get some feelings  
That truly bothers me  
I can save them  
I know I can

That's what you get  
For sticking out your neck  
And that's what you get  
For sticking out your neck

And that's what you get  
For sticking out your neck  
And that's what you get  
For sticking out your neck

I've been lonely  
I've been trying not to show  
The pain you caused me  
You really shut me down

Like a butterfly  
Being stung to death by bees  
That's an image no one  
Wants to see

That's what you get  
For sticking out your neck  
And that's what you get  
For sticking out your neck

And that's what you get  
For sticking out your neck  
And that's what you get  
For sticking out your neck

It's just another sunny day where I'm at  
My head is in the clouds 'cause I'm stretching out my

neck  
I wake up in the morning to a protein shake  
Do twenty minutes calisthenics then I'm off into the day

That's what you get  
For sticking out your neck  
And that's what you get  
For sticking out your neck

And that's what you get  
For sticking out your neck  
And that's what you get  
For sticking out your neck

And that's what you get  
For sticking out your neck  
And that's what you get  
For sticking out your neck

And that's what you get  
For sticking out your neck  
And that's what you get  
For sticking out your neck
