Think I'll stay home and chill out here tonight
I'm turnin' off my cell phone
And I will shine in the sky as the sun with sunglasses
And I need to take a break

I watched my mind go down in the smoke in a cannon
(Look away, look away, look away, look away, look
away)
I watched your tides go through my window that kisses
(Look away, look away, look away, look away, look
away)
(Ooh, ooh)
Meaning of gold skull

Found myself alone and on your couch last night
In a black hole of misery
And I will shine in the sky as the sun with sunglasses
And I need to take a break

I watched my mind go down in the smoke in a cannon
(Look away, look away, look away, look away, look
away)
I watched your tides go through my window that kisses
(Look away, look away, look away, look away, look
away)
(Ooh, ooh)
