Sometimes I want to get married  
Other times I want to play around  
Sometimes I really want to run away  
Other times I want to settle down

Live aloha, live aloha  
Being chased by the pig  
I could stay here forever, forever, forever

Sometimes I look into your eyes, babe  
And I can see the evil underneath  
But other times I look into your eyes of blue  
And I can see you truly care for me

Live aloha, live aloha  
Being chased by the pig  
I could stay on this island forever  
Believe me, forever

Live aloha, live aloha  
Being chased by the pig  
Live aloha, live aloha  
Being chased by the pig  
Live aloha, live aloha  
Being chased by the pig  
Live aloha, live aloha  
Being chased by the pig  
Live aloha
