

Miniature Tigers "Viking Hearts"

Visit "[Viking Hearts](#)" on MotoLyrics.com

Darlin', look how young we are
Wishing on the stars
Sleeping in your arms
We fit like a pair of beat up shoes
With nothin' left to prove
We can be ourselves

Darlin', you're the one
Please be good to me
No one loves you like I do
And until death do us part
You can have my viking heart

Precious, you mean so much to me
You keep good company
You make me feel like a man
We're fresh like a pair of newborn kids
Learning how to kiss
Learning how to love

Darlin', you're the one
Please be good to me
'Cause no one loves you like I do
And until death do us part
You can have my viking heart

Darlin', you're the one
Please be good to me
No one loves you like I do
And until death do us part
You can keep my viking heart
