I'm here just like i said
Though it's breaking every rule i've ever made
My racing heart is just the same
Why make it strong to break it once again
And i'd love to say i do
Give everything to you
But i can never now be true
So i say

I think i better leave right now
Before i fall any deeper
I think i better leave right now
Feeling weaker and weaker
Somebody better show me out
Before i fall any deeper
Think i better leave right now

I'm here so please explain
Why you're opening up a healing wound again
I'm a little more careful
Perhaps it shows
But if i lose the highs at least im spared the lows
Now i tremble in your arms
But what could beat the harms
To feel my spirit calm
So i say

I think i better leave right now
Before i fall any deeper
I think i better leave right now
Feeling weaker and weaker
Somebody better show me out
Before i fall any deeper
Think i better leave right now

I wouldn't know how to say
How good it feels seeing you today
I see you've got your smile back
Like you say your right on track
But you may never know why
Once bitten twice as shy

If i'm proud perhaps i should explain
I couldn't bare to lose you again

I think i better leave right now
Before i fall any deeper
I think i better leave right now
Feeling weaker and weaker
Somebody better show me out
Before i fall any deeper
Think i better leave right now

Yes i will

I think i better leave right now
Feeling weaker and weaker
Somebody better show me out
Before i fall any deeper
Think i better leave right now
