Ba da da da da da

Bop bop ba da da da (ah)
Bop bop ba da da da (ah ah)
Bop bop ba da da da
Bop bop ba da da da da

Sometimes I wish that I could be the person that you
are
Just for a minute, only long enough that I can break
your heart
Can you even comprehend?
Or did you even understand a single word that I said?

I wonder why you do the things, oh boy, you do to me
(why you do)
I can't imagine why you're treating me so horribly
Are you listening to me (are you listening...)
Are you trying to ignore me
Do I stutter when I speak

(Watcha gonna do, baby whatcha gon' say?)
I'm cutting you loose
'Cause I got no time for you
(Who you gonna run to, who you gonna play?)
As a matter of fact, I won't look back

CHORUS

I don't want you
I don't need you
So let me tell you where it's at (well, tell ya where it's at)
I'm through with you
Can't ya understand that?
I don't want you
I don't love you
I hit the road jack
'cause I'm through with you
Did ya understand that?

Bop bop ba da, Oh

Sometimes I wish that you could be the person that I
am
So you can feel inside exactly what I'm feeling and
Maybe then you'd understand (understand)
How to treat a lady and to be a real man
You can't imagine what I think of when I think of you
(think of you)
I see a sucker, not the person that I thought I knew
(thought I knew)
Will you ever comprehend (no...)
Baby, you can keep it going, but I can't pretend

(Watcha gonna do, baby whatcha gon' say?)
I'm cutting you loose
'Cause I got no time for you
(Who you gonna run to, who you gonna play?)
As a matter of fact... (yeah c'mon)
I won't look back

CHORUS

I don't want you
I don't need you (need you)
So let me tell you where it's at (where it's at)
I'm through with you
Can't ya understand that? (can you understand that?)
I don't want you
I don't love you
I'll hit the road jack
I'm through with you
Did ya understand that?

Bop bop

I used to be the - I used to be
Only girl that you lived for - that you lived for... (You
lived for me)
You didn't need nothing more - you didn't need nothing
more... (nothing more)
Jaded eyes so - jaded eyes
Blind confused
When I'm around you (when I'm around you) (yeah)
What is this girl to do? he-ey

(Watcha gonna do baby whatcha gon' say?)
I'm cutting you loose
'Cause I got no time for you
Who you gonna run to, who you gonna play?
(heyyyyyyyyy)
As a matter of fact, I won't look back

[laughter]

[crashing sound]

There used to be this guy who adored me
Now you just ignore me
Did you hear me
Uh
Messing with my head
In and out my bed
I was coming 'round
When you'd know that you could get some
Well, guess what's next
I'm gonna flip my game on you
This is Willa's world
Bitch, in case you didn't notice
What I wanna rule IS YOU!!!!
YOU KNOW
THERE USED TO BE THIS GUY WHO ADORED ME
NOW YOU JUST IGNORE ME
DID YOU HEAR ME
UH
MESSING WITH MY HEAD
IN AND OUT MY BED
I WAS COMING 'ROUND
WHEN YOU'D KNOW THAT YOU COULD GET SOME
WELL, GUESS WHAT'S NEXT
I'M GONNA FLIP MY GAME ON YOU
THIS IS WILLA'S WORLD
BITCH, IN CASE YOU DIDN'T NOTICE
WHAT I WANNA RULE IS YOU!!!!

(I won't look back)

I don't want you - yes oh baby (I use to be the)
I don't need you - oh oh (only girl that you lived for)
So let me tell you where it's at
I'm through with you - I'm through with you, I'm through
baby
Can't ya understand that?
I don't want you (jaded eyes so blind confused)
I don't love you (when I'm around you)
I hit the road jack
I'm through with you (what is this girl to do?)
(I won't) Did ya understand that?
